

# Discover ALOM Sacramento

## ALOM is expanding!

ALOM is thrilled to announce the opening of our newest, state-of-the-art 170,000 sq. ft. production and fulfillment facility in Sacramento, CA.

At ALOM, we're on a mission to transform our high compliance industry customers into supply chain superheroes. We set higher standards and never shy away from a challenge. For example, we've built-out one of the few fire-rated lithium-ion battery storage facilities in the U.S. right in our Sacramento location.

Welcome to the future of supply chain.

### Facility highlights

- 170,000 sq. ft.
- 6 production lines
- 6 fulfillment lines
